DUO is one of Le-Vel's most cutting-edge and innovative products yet. That's saying a lot considering the company achieved over \$1 billion in sales in under 5 years, is said to be the world leader in human nutrition and cosmetic technologies, and has already brought cutting-edge products to market such as: the THRIVE 8-Week Experience, Derma Fusion Technology, Sequential Gel Technology...the list goes on.

DFT **DUO** is the next evolution of Derma Fusion Technology, offering a dual-action left/right adhesive application, resulting in a larger fusion footprint that provides balance. **DUO** was designed to combine this innovative dual balance/larger fusion footprint with **DUO**'s enhanced formula concentration to deliver an even more substantial cosmetic impact. This incredibly unique and effective product represents the next evolution of DFT from a formula and concentration perspective. Never before has there been a product as unique as DFT **DUO**.

DUO is one step of the 3-step THRIVE Experience – combine **DUO** with THRIVE Premium Lifestyle Capsules and THRIVE Premium Lifestyle Mix, and you will push forward towards your long-term cosmetic and overall health and wellness goals.

DUO is here – don't be left behind; join the millions of THRIVERS experiencing the incredible results of DFT **DUO**.
